

AUTOMOBILIA COLLECTORS CLUB of AUSTRALIA

(Website: www.accaclub.org.au)

Founded in 1992, our Club is for those interested in collecting automobile-related items. Like advertising signs and literature, radiator badges, body badges, identification plates, motoring club badges, mascots, hub caps, spark plugs, number plates, garage tools and equipment, motor manuals, motoring accessories, and even pedal cars. In addition, most members collect the vast range of oil industry-related items of general garagenalia. This includes: petrol pumps both manual and electric; oil bottles with their tops and racks; petrol, oil and grease tins; both box-ends and boxes for 2 x 4 gallon tins; enamel and tin advertising signs; road maps, ephemera, historical photos, advertising material and associated pieces.

On joining, you will receive a Membership Register of fellow-collectors and lists of what they collect. We hold annual get-togethers in each State. Our highly informative quarterly ACCA magazine, mostly of 36 or 40 pages, educates members on this exciting hobby. We provide an Index of all Magazine Articles. Depending on when you join, you receive the previous issue/s magazine/s. They now with so much colour content. That is typical in the covers of these latest four issues as shown.

Membership Fees: Australia \$50, all overseas countries Au\$60.

(Junior Membership available for those under 16 to receive the four magazines. Fees: Au\$20)

Club Year is from 1 July to 30 June each year.
